JUST IN CASE...

Student Dispute Resolution Procedures

Informal Resolution Procedures

Any dispute should be first discussed with the people involved. If it is not resolved, students may bring their complaints to the Manager, who will attempt to resolve the issues within three (3) working days. If the problem is still not resolved, a more formal resolution process can be followed.

Formal Resolution Procedures

If the complaint is between a student and a Manager, and / or cannot be resolved through informal discussions, the student may forward the issue, in writing, directly to the Director of the Language and Career Services division. The student may be represented by an agent or lawyer if necessary. The Director will review all relevant information and make a written decision within five (5) working days.

If the complaint is not resolved by the Director's decision, the student may forward the issue in writing, with all pertinent documents, directly to the Chief Executive Officer of ISSofBC no later than two (2) working days after the Director's decision. The CEO will review all materials and provide a written decision within three (3) working days. This decision will be considered final.

After following the steps above, if further action is necessary, LCC or the complainant may suggest third party resolution. Third party resolution will be entered into when both parties agree to this process and the complainant agrees to cover his or her individual costs. One possible third party is Languages Canada. ISS Language and Career College of BC is accredited by this organization.

- Languages Canada can act as an advocate for the students if there is a complaint related to a possible Code of Ethics violation by the school. See www.languagescanada.ca/en/contact.
- If students in PTA-approved programs have exhausted the entire dispute resolution process but feel that further action is necessary, they can file a claim to the Student Tuition Protection Fund within one year of completion, dismissal, or withdrawal from the program.

PARTICIPANT DISMISSAL PROCEDURES

Violent or harmful acts

Behaviour which is violent or causes harm to other students, LCC staff, volunteers, facilities or equipment can cause the immediate dismissal of the student from the program. Any acts of this type will not be tolerated.

Behaviour affecting student progress

In cases where the participant's progress is affected by absences, punctuality or attitude, or by failure to meet the program and / or funder's expectation, the following steps will be followed:

- 1) Verbal warning: The Manager will meet with the participant to discuss the issue and agree on remedial action (translation will be provided for participants with low level English).
- 2) Written warning: If there is no change in the behaviour, the Manager will give the participant a letter outlining that the participant has failed to improve the behaviour, the changes that are required and the consequences of not changing the behaviour.
- 3) Dismissal: If there is still no change in the behaviour, a dismissal letter may be issued by the Director of the LCS division.

RESPECTFUL AND FAIR TREATMENT POLICY

All students, staff and volunteers should be treated with dignity and respect, free from discrimination. All people at LCC have the right to work and study in an environment which is free from harassment.

LCC considers any form of harassment to be a serious violation of an individual's fundamental rights.

Anyone who feels that he / she has been subjected to harassment is encouraged to bring the matter to the attention of the person responsible for the conduct. If the person does not feel comfortable doing so, he / she is encouraged to discuss the matter with the Manager.

Harassment includes sexual harassment, and unwelcome comments or actions which may concern a person's race, colour, ancestry, place of origin, political beliefs, religion, marital status, family status, gender, physical or mental disability, age or sexual orientation

This list is not complete or comprehensive. LCC will accommodate students with unusual and specific needs to the utmost of our ability, and is committed to supporting the success and welfare of all students at our college.

We will treat any violation as a serious offence which may be subject to various actions including mediated settlement or, in certain circumstances, disciplinary measures up to and including dismissal or expulsion.
